

Schwartz Rounds

Imperial College Healthcare
NHS Trust

"Paquita has made an outstanding contribution to our programme at Imperial. She has brought warmth, wisdom, moral force and deeply humane insights, contributing selflessly for several years and making invaluable connections across boundaries. Our staff, students and team are deeply grateful, we could not possibly put enough stars on this poster to shine strong enough."

Dr Alex King
Project Lead at Imperial

Dr Paquita de Zulueta GP clinical lead

Paquita has worked as a London GP for 35 years specialising in mental health & clinical ethics and is a core member of the Imperial Schwartz Round team.

Has volunteered to facilitate many Schwartz Rounds over five years out of a sense of solidarity

Establishing embedded Schwartz Rounds with medical students as part of their training and placements

Developing innovative community Schwartz Rounds with local GPs in response to Grenfell

Championing Schwartz Rounds via publication and presentations in international conferences
